

CORRA

2016 Corra Tail Feathers white blend

This very forward white blend shows bright notes of jasmine, white pear, key lime, honeydew melon, wet straw, and lychee in a showy blend of engaging aromas . On the palate, the wine shows a dry, crisp, very fresh entry, with the bright lime zest and passion fruit dominating the primary impression, while the more subdued flavors of dried pineapple, wet rock, and fresh pear lingering through the finish.

This unique blend hails from the west-facing hillsides of Gold Hill, in Southern Oregon's Rogue Valley. Known for decades as a premium region for many types of fruits, only recently has this area become noted for ultra-premium wine grapes. Tail Feathers is a blend of Viognier, Muscat, and Riesling, each vinified separately then judiciously blended to create a balanced, complex, and completely delicious white wine that has the freshness, the natural fruit acidity, and the balance to compliment a wide array of lighter meals.

A total of 300 cases were produced.
\$30 – 750ml
